

We provide food assistance through our drive thru pantry at the double doors facing Henry Street on Mondays, Wednesdays and Fridays from 9:00am-11:45am.

You must provide the following documents in order for us to provide you with food:

- **Picture ID** – must have proof of current residency (official mail such as a bill) if ID does not show current address in our service area
- **Due to the distribution of USDA foods, we are required to ask clients a variety of household & family questions upon EACH visit.** Your first time to the pantry may take a little longer as we will need to import data into the system.
 - Each household member's name, birth date, ethnicity & relationship to you
 - Type/Source of monthly gross income & amount each household member receives

Please note:

- Our service area includes Pickens County as well as those in Anderson County with an Easley address. If you live outside of our service area, please visit PERC (Piedmont) or AIM (Anderson).
- Individuals that have the same address are considered one household-even if you prepare your meals separately.
- Each household can receive food only once per month.
